NEWS FROM THE EAST SIDE

The Republicans Nominate Candidates for City of Roseburg
The Report of the Convention Proceedings—Democrats Nominate Candidates to a Party

OVER 1000 AT LAST.

Hermann's Majority Continues to Increase as Returns from the "Big Counties" Come In. The campaign has been so little the temper of the voters of Oregon was understood in the election this year. A few days ago a most careful estimate placed Hermann's majority at about 200 less than 7000. Even that was surprising enough, but as the returns from the "cow counties" (hereafter to be known as the "cow counties") come along, the Hermann column in the estimate table continually increases, while the Gearin column as steadily diminishes. Official returns from all but eight counties, giving the full vote, have been received. These give Hermann 662 majority. Official and semi-official statements of majorities in these other eight counties increase the figures for Hermann to 706; total, 2283.
